FLEA CONTROL

EXELPET[®] Flea Control Shampoo controls fleas (*Ctenocephalides* spp.) using natural pyrethrins. This low-irritant formula minimises skin irritation and promotes healthy skin, leaving your pet's coat soft and lustrous with a fresh, clean smell. For best results we recommend weekly washing.

DIRECTIONS FOR USE

Wet your pet thoroughly with warm water. Liberally apply **EXELPET Flea Control Shampoo** and massage into the coat, being careful to avoid contact with eyes. Rinse off thoroughly with warm water and if necessary repeat the procedure, then dry your pet off completely with a towel. Do not expose your pet to draughts when wet.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

FIRST AID: If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126.

Flea Control Programme

This product alone is not sufficient to ensure complete freedom from fleas as your pet can quickly become reinfested with fleas from other pets or from the surroundings. To obtain maximum control of fleas remember to:

1. Treat all pets at the same time.
2. Treat your pet's bedding and the environment.
3. Maintain this flea control programme all year round, particularly throughout the warmer, humid months when fleas are most active.

Guarantee of Satisfaction

If you would like more information on controlling fleas on your cat or dog, or have any other queries of any kind, or you are not completely satisfied with this product, please contact **EXELPET** Customer Enquires. Your feedback is important to us. Phone or Post: **Australia:** Toll Free Phone 1800 806 391; Reply Paid 4 PO Box 153 Wodonga, VIC., 3689. Or visit our website at www.exelpet.com.au

Dispose of empty container by wrapping with paper and putting in garbage.

Store below 25°C (Air conditioning).
