- soap free - no tears

250mL

**exelpet**

EXELPET® **Puppy Protein Plus Shampoo** with Vitamin E & Provitamin B5, which assist in promoting healthy skin and a glossy coat for your puppy. This gentle, soap-free formulation can be used as often as required, and will leave your puppy's coat clean, fresh and healthy.

**DIRECTIONS FOR USE**

Wet your puppy thoroughly with warm water. Liberally apply EXELPET® **Puppy Protein Plus Shampoo** with Vitamin E & Provitamin B5 and massage into the coat, being careful to avoid direct contact with eyes. Rinse off thoroughly with warm water and if necessary repeat the procedure, then dry your puppy off completely with a towel. Do not expose your puppy to draughts when wet. To maintain a healthy skin and coat we recommend fortnightly washing during the summer period and as required during the colder months.
