If worm problems persist consult a veterinarian.

DIRECTIONS FOR USE:

Contraindications

This product is contraindicated for use in kittens under 8 weeks of age or weighing less

Side Effects: Occasionally hair loss may occur at the application site. This is usually a single occurrence and hair will grow back uneventfully.

Instructions

For external application only

One applicator treats cats from 2.5 to 5kg bodyweight

Application: Hold tube upright and pull off the cap. Reverse the cap and push cap back on tube. Twist cap to break seal, then remove cap from tube. Apply on the back of the head. Remove any collar prior to application and replace when product is dry. Part the hair until the skin is visible. Place the tip of the tube on the skin and squeeze the tube firmly twice to apply the solution directly on the skin. Apply only onto intact skin. Avoid pet's eyes or mouth.

For tapeworms, treat every 3 months.

For roundworms and hookworms, treat at 8, and 12 weeks of age and thereafter every 3 months. For lungworms one treatment is efficacious in the treatment of an existing lungworm infection. EXELPET" Vet Series" Spot-On All-Wormer for Cats can be used during pregnancy and lactation. For pregnant cats, treat at mating, before birth of the kittens and then every 3 months.

GENERAL DIRECTIONS:

Avoid the recipient cat or other cats in the household licking the site of application after the treatment has been applied. If licked by cats, transient signs of distaste (and occasionally vomiting) may be observed due to the bitter taste.

Shampooing or immersion of the animal in water directly after treatment may reduce the efficacy of the product. Treated animals should not be bathed until the solution has fully dried.

The liquid vehicle in EXELPET" Vet Series" Spot-On All-Wormer for Cats may discolour certain surfaces and fabrics e.g. polished floorboards, leather etc. Allow the application site to dry before permitting contact.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

SAFETY DIRECTIONS:

Harmful if swallowed. Will irritate the eyes. Avoid contact with the eyes. If product in eyes, wash it out immediately with water. Wash hands after use.

 $\label{eq:DISPOSAL:DISPOSAL:DISPOSE} DISPOSAL: Dispose of used applicators by wrapping in paper and placing in garbage. \\ \textbf{STORAGE:} Store in unopened, original packaging below 25°C (Air conditioning). \\$
